EXHIBIT 1

A CONTRACT BETWEEN THE VILLAGE OF TINLEY PARK AND TRUGREEN LIMITED PARTNERSHIP FOR LAWN TREATMENTS

VILLAGE OF TINLEY PARK
2023
SERVICE CONTRACT

This contract is by and between the **Village of Tinley Park**, an Illinois home-rule municipal corporation (the "Village"), and **TruGreen** (the "Contractor"), for the project or work described in Exhibit A, attached hereto and made a part hereof.

1. In consideration of the compensation stated in paragraph 2, the Contractor shall provide all the services described in the Scope of Services attached hereto as Exhibit "A" and incorporated herein by reference. The express terms of this Contract shall take precedence and control over any term or provision of the Scope of Services (Exhibit A) that in any way conflicts with, differs from, or attempts to alter the terms of this Contract.
2. Except in the event of a duly authorized change order approved by the Village as provided in this Contract, and in consideration of the Contractor's final completion of all work in conformity with this Contract, the Village shall pay the Contractor an amount not to exceed **Forty one thousand one hundred seven 00/100 Dollars (\$41,107.00)**. Within thirty (30) calendar days of completion of the work, the Contractor shall submit his application for payment to the Village, and the Village shall pay Contractor for the work performed no later than **thirty (30)** calendar days from the date of the Village's receipt and the Village's approval of the work and the application for payment. No payment shall be made by the Village until the Contractor has submitted to the Village (i) a Contractor's Affidavit listing all subcontractors and material suppliers utilized on the project and (ii) final waivers of lien from the Contractor, all subcontractors and all material suppliers.
3. No changes shall be made, nor will invoices for changes, alterations, modifications, deviations, or extra work or services be recognized or paid except upon the prior written order from the Village Manager or his designee. The Contractor shall not execute change orders on behalf of the Village or otherwise alter the financial scope of the Project.
4. Written change orders may be approved by the Village Manager or his designee provided that the change order does not increase the amount set forth in paragraph 2 of this Contract to more than \$10,000.00. Changes in excess of this amount must be approved by the Village Board prior to commencement of the services or work. **If a requested change causes an increase or decrease in the cost of or time required for the performance of the contract, Contractor will agree to an equitable adjustment in the contract price or performance schedule, or both. Neither party is obligated to comply with requested changes unless and until both parties execute a written change order.**
5. **Time is of the essence on this Contract.** The Contractor shall complete all work under this Contract by the dates set forth below:

April 30, 2024
6. No "Notice to Proceed" may be given nor any work commenced until this Contract is fully executed and all exhibits and other attachments are completely filled out and attached hereto.
7. It is understood and agreed by the parties that the Contractor is an independent contractor retained for the above-mentioned purpose. The Village shall not control the manner nor the means of the Contractor's performance, but shall be entitled to a work product as described herein. The term "subcontractor" shall mean and include only those hired by and

having a direct contract with Contractor for performance of work on the Project. The Village shall have no responsibility to any subcontractor employed by a Contractor for performance of work on the Project, and all subcontractors and material suppliers shall look exclusively to the Contractor for any payments due. The Village will **not** be responsible for reporting or paying employment taxes or other similar levies that may be required by the United States Internal Revenue Service or other State or Federal agencies. Every subcontractor shall be bound by the terms and provisions of this Contract as far as applicable to their work. The Contractor shall be fully responsible to the Village for the acts and omissions of its subcontractors, and shall ensure that any subcontractors perform in accordance with the requirements of this Contract. Nothing contained herein shall create any contractual or employment relations between any subcontractor and the Village. The Contractor is solely responsible for the safety procedures, programs and methods of its employees and agents and shall hold the Village harmless for any and all damages resulting from violations thereof. The Contractor shall comply with all applicable federal, State and local safety laws and regulations.

8. **It is further agreed that the Contractor shall indemnify, hold harmless, and defend the Village, its officers, agents, and employees from and against any and all claims, losses, damages, causes of action, suits, and liability of every kind, including all expenses of litigation, court costs, workers' compensation claims and attorneys' fees, for injury to or death of any person or for damage to any property arising out of or in connection with the Contractor's negligence under this Contract.**
9. **The Contractor assumes full responsibility for the work to be performed hereunder and hereby releases, relinquishes, and discharges the Village, its officers, agents, and employees from all claims, demands, and causes of action of every kind and character, including the cost of defense thereof, for any injury to or death of any person and any loss of or damage to any property that is caused by, alleged to be caused by, arising out of, or in connection with the Contractor's negligence in its work to be performed hereunder. The Contractor shall maintain insurance coverage in an amount and from a carrier suitable to the Village, and the Village shall be named as an additional insured where required. Certificates of Insurance are attached hereto as Exhibit B.**
10. The Village is exempt from payment of state and local sales and use of taxes on labor and materials incorporated into the project. If necessary, it is the Contractor's responsibility to obtain a sales tax permit, resale certificate, and exemption certificate that shall enable the Contractor to buy any materials to be incorporated into the project and then resale the aforementioned materials to the Village without paying the tax on the materials at the time of purchase. In no event will the Village be liable for or pay any sales or use taxes incurred by the Contractor in performing the services under this contract.
11. The Contractor shall comply with all applicable federal, state, and local statutes, regulations, ordinances, and other laws, including but not limited to the Prevailing Wage Act, the Illinois Freedom of Information Act (FOIA), as well as the Immigration Reform and Control Act (IRCA). The Contractor may not knowingly obtain the labor or services of an unauthorized alien. The Contractor, not the Village, must verify eligibility for employment as required by IRCA.
12. At any time, the Village may terminate this Contract for convenience, upon written notice to the Contractor. The Contractor shall cease work immediately upon receipt of such notice. The Contractor shall be compensated for services performed and accepted by the Village up to the date of termination.

13. No waiver or deferral by either party of any term or condition of this Contract shall be deemed or construed to be a waiver or deferral of any other term or condition or subsequent waiver or deferral of the same term or condition.
14. This Contract may only be amended by written instrument approved and executed by the parties.
15. This Contract and the rights and obligations contained herein may not be assigned by the Contractor without the prior written approval of Village.
16. The parties hereby state that they have read and understand the terms of this Contract and hereby agree to the conditions contained herein.
17. This Contract has been made under and shall be governed by the laws of the State of Illinois. The parties agree that performance and all matters related thereto shall be in Cook County, Illinois.
18. Contractor, its employees, associates or subcontractors shall perform all the work hereunder. Contractor agrees that all of its associates, employees, or subcontractors who work on this Project shall be fully qualified and competent to do the work described hereunder. Contractor shall undertake the work and complete it in a timely manner.
19. If any provision of this Contract shall be held to be invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable. If a court of competent jurisdiction finds that any provision of this Contract is invalid or unenforceable, but that by limiting such provision it may become valid and enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.
20. This Contract represents the entire and integrated agreement between the Village and Contractor and supersedes all prior negotiations, representations, or agreements, either written or oral.
21. This Contract will be effective when signed by the last party whose signing makes the Contract fully executed.
22. The Contractor agrees to comply with the Illinois Prevailing Wage Act, if the work to be performed under this Contract is covered by said Act.
23. The Contractor agrees to comply with the Illinois Substance Abuse Prevention on Public Works Projects Act.

Certificate of Compliance with Prevailing Wage Requirements

The undersigned hereby certifies that:

This contract calls for the construction of a "public work," within the meaning of the Illinois Prevailing Wage Act, 820 ILCS 130/01 et seq. ("the Act"). The Act requires contractors and subcontractors to pay laborers, workers and mechanics performing services on public works projects no less than the current "prevailing rate of wages" (hourly cash wages plus amount for fringe benefits) in the county where the work is performed. The Department publishes the prevailing wage rates on its website at <http://www.state.il.us/agency/idol/rates/rates.HTM>. The Department revises the prevailing wage rates and the contractor/subcontractor has an obligation to check the Department's web site for revisions to prevailing wage rates. For information regarding current prevailing wage rates, please refer to the Illinois Department of Labor's website. All contractors and subcontractors rendering services under this contract must comply with all requirements of the Act, including but not limited to, all wage requirements and notice and record keeping duties.

SCOPE OF SERVICES

Attached Scope of work for Lawn Treatment as detailed in:

- Proposal Title **Lawn Treatment** dated February 9, 2021

Village of Tinley Park

Lawn Treatments

SCOPE OF WORK:

The Village of Tinley Park (VOTP) in its role of maintaining village-owned properties seeks the services of a capable Contractor to coordinate and deliver lawn treatment services at VOTP owned or VOTP maintained properties, such as right-of-ways and detention pond locations. The Contractor shall perform the following general services during the growing season, which is April 1st through December 1st.

- Lawn and Bed Treatments: Provide lawn and planting bed applications including weed control, fertilization, vegetation control and other related work for all areas listed in the detailed bid breakdown.
- On Demand Services/ New Work: When directed by the Street Superintendent or approved representative, provide, install, warranty and maintain all new landscape work as requested.
- Reports: Submit weekly and monthly reports as detailed below in the "Reporting Requirements" section below (page 02925-5)

BID REQUIREMENTS

Bid pricing must be added to the attached detailed bid tab sheet. The cost must be broken down for each area per month and total for the entire growing season. This contract will be in effect for the entire 2021 growing season. The growing season is April 1st through December 1st. Depending on weather conditions, treatment windows may be extended beyond the windows outlined below, and the bid should reflect that. This contract will have the option for 2 - one year extensions. The extension will be based on good workmanship and price. On occasion new on-demand work may be needed in addition to regular maintenance work items. Prices for on-demand services including labor should be included in the bid separate from regular maintenance. Any on-demand services must be approved by Street Superintendent or designated Street Foreman.

EXAMINATION OF PLANS, SPECIFICATIONS, SPECIAL PROVISIONS, AND WORK SITES:

The prospective bidder shall, before submitting a bid, carefully examine the provisions of the contract. The bidder shall inspect in detail the sites of the proposed work, investigate and become familiar with all the local conditions affecting the contract and fully acquaint themselves with the detailed requirements of construction.

PRE-CONSTRUCTION MEETING:

Upon execution of the contract with the successful bidder, the Village will schedule a meeting with the Contractor. The Contractor shall submit a work schedule on or before this meeting. In attendance shall be the Contractor's representative on the job; i.e., Construction Superintendent or Foreman. On, or

before this meeting, the Contractor and Village Street Foreman shall inspect the work site to determine the existing conditions.

1. Purpose - To discuss and resolve any problems regarding the work prior to the Contractor starting work. This includes the schedule of construction operations and interpretation of the Special Provisions and/or plans.

2. Attendance - Street Superintendent, Street Foremen, Contractor, Utility Company representatives, if utility work or adjustments are required. Also, any other persons as may be deemed necessary.

3. Specification information regarding source of materials, who is responsible for testing of materials, what, if any, work will be sublet, responsibility for maintaining traffic or detours, and any other problems relating to the work are to be discussed.

4. A roster will be prepared which will list the names, addresses and telephone numbers of all parties concerned. Twenty-four (24) hour a day and emergency contact persons and phone numbers shall be listed.

USE OF FIRE HYDRANTS

If the Contractor desires to use water from hydrants, they shall make application to the proper authorities, and conform to the municipal ordinances, rules or regulations concerning their use. Water from hydrants or other sources shall be at the Contractor's expense unless otherwise provided in the Special Provisions.

List of hydrants used must be turned in to Street Superintendent or assigned representative weekly. Contractor is responsible for reporting any malfunctioning or damaged hydrants.

Fire Hydrants shall be accessible at all times to the fire department. No material or other obstructions shall be placed closer to a fire hydrant than permitted by municipal ordinances, rules or regulations, or within ten feet (10') of a fire hydrant, in the absence of such ordinances, rules or regulations.

QUANTITY CHANGES:

VOTP reserves the right to add or delete areas to be maintained under all of the treatment programs at the unit prices bid.

LOCATION OF UTILITIES:

Before starting any digging, the Contractor shall contact JULIE for location of any and all utilities (if necessary). The toll-free number is 800-892-0123.

The Contractor is responsible for notification and coordination with JULIE for location of utilities before and throughout the length of the contract.

NOTICE:

Village Notification

A minimum of forty-eight (48) hours notice shall be given to the VOTP prior to starting work, departing from a pre-approved regular schedule, or restarting work after some absence of work for any reason.

VOTP must be notified by the next business day if there have been any employee assignment changes to the crew assigned to the Village. Notification may be done by email, phone call or in person.

PROTECTION AND SAFETY OF PEDESTRIANS: Work zone safety shall be practiced and maintained at all times until the project work is completely finished. Landscape work is obviously situated in areas traveled by pedestrians. The landscape work in this contract will be encountered by motorist, pedestrians and bicyclists throughout the growing season, for this reason the contractor must anticipate this and accommodate them. Any potential hazards to the general public due to materials, equipment, obstructions, tripping hazards, drop-offs or any hazardous aspects of the work must be remedied or properly protected and barricaded. Grass clippings may not be blown into streets or sidewalks.

WORK DAYS & NOISE LIMITATIONS: All work within the defined limits of the project shall be performed between the hours of 7:00 AM and 7:00 PM, Monday through Friday, and between 9:00 AM and 5:00 PM on Saturday, unless authorized at the sole discretion of VOTP. No work is to be performed or left open on Sunday or the following holidays: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving and Christmas. In rare instances, work conducted at public facilities such as Village Hall may be required outside the standard hours in order to work around a conflict, as directed by the Street Superintendent.

VILLAGE SPECIAL EVENTS: The Village has several special events throughout the year, typically held in the downtown area which may require all landscape maintenance work to be completed immediately beforehand so the sites are looking their best. These events include but are not limited to:

- Village Block Party (usually around the 3rd Sunday in July)

- Farmers Markets
- Music performances
- Movie showings

CLEAN-UP: The Contractor shall be responsible for thoroughly cleaning up any and all areas affected by their work. All parkways must be left neat. If the area has not been cleaned properly, VOTP Public Works will use a mechanical street sweeper or any other equipment we deem necessary to clean the area. All clean-up related work shall be incidental in cost to the contract work.

No work shall be left incomplete over holidays.

DISPOSAL OF DEBRIS AND EXCAVATED OR REMOVED MATERIALS: The Contractor shall be responsible for satisfactory removal and disposal of any litter found in the area. Contractor will completely remove all litter prior to treatments.

PARKWAY TREES: The Contractor shall inspect each work site in advance and arrange to execute the work in a manner which will not cause injury to trees. Any tree limbs that might be damaged by equipment operations should be protected by the contractor. Any tree limbs that are broken by equipment shall be reported to VOTP. The Village will neatly prune the damaged limb at the Contractor's expense.

DAMAGES: Work under this pay item shall include providing all the materials, labor and equipment necessary to remove and replace damaged areas that was caused by the contractor. VOTP will not provide a dumpsite for this material.

Ruts caused by equipment or vehicles must be restored to their original state. Seed is acceptable for damaged areas smaller than 9".

CONTRACTOR'S RESPONSIBILITIES

In providing the services under this Contract, the Contractor shall:

1. Exercise safe, sanitary and sound-business practices with the skill, care and diligence normally shown by professional landscapers.
2. Require all employees to wear suitable uniforms during the time they are on Village property.
3. Supply an adequate number of trained and fully insured personnel to perform all work.
4. Require one employee on a crew to understand all verbal and written instructions in English issued by the Street Superintendent or representative.
5. Remove all rubbish, debris and wastes from the location(s), resulting from the work performed, in an orderly and safe manner and legally dispose of same.
6. Provide evidence of all licenses and permits that may be required for all contract activities.
7. Provide required notification of chemical application on public areas, as required by law.

8. Require all personnel to report any hazardous or out of the ordinary conditions, as well as any vandalism, theft, deterioration, graffiti, damage, spills, evidence of rodent or animal infestation, unusual activity or the like, that may affect the operation and/or safety on Village properties, to the Street Superintendent, or representative. Any item in need of repair or replacement shall be reported on the same day it is observed.

9. Provide all consumable supplies, fertilizers, chemicals, water, equipment, tools, materials, containers, transportation, insurance, and labor required fulfilling the Contract and ensuring the health, vitality and appearance of plants and lawns.

Bidders shall also submit the names, experience and licenses for its Commercial Pesticide Applicator(s) that shall be used for spraying, weeds and pest control.

REPORTING REQUIREMENTS

The Contractor shall submit reports (e.g., weekly, monthly, annually, etc.) in any form, content, and substance that may be required by the Street Superintendent, or representative at any time during this Contract. It shall be initially required that the Contractor provides the following reports to VOTP:

- Advanced notification of implementation of “On Demand” projects in addition to all pesticide applications.
- Weekly report of the work week, outlining all completed activities (e.g., maintenance, spraying, products used, etc.) and staffing and indications of locations serviced.
- Monthly summary, with Contractor’s invoice, of all work performed during the preceding month as well as any problems incurred, solutions provided recommendations and new or outstanding issues that may be of relevance to the operation.
- Annual summary of the preceding year’s activities and a preliminary forecast of the coming year’s activities or concerns if applicable.
- Advanced notification of chemical application schedule, minimum of two days in advance to notify staff.

MEETINGS

It is anticipated that there will be required meetings between VOTP and the Contractor. These meetings may include representatives of other Village Departments and/or other Contractors or consultants, at the Street Superintendents’ discretion. It is initially anticipated that there will be a monthly meeting, April through December, to discuss landscape treatment issues. If necessary, additional Quality Assurance (QA) meetings will be scheduled by the Street Superintendent to review Village of Tinley Park’s standards as well as the overall quality of the Services. **An initial QA meeting to discuss start-up issues and requirements shall be scheduled upon Contract award.**

Attendance by the Contractor at all scheduled meetings shall be mandatory. The Contractor shall have a sufficient number of management level personnel (e.g., owner, superintendent, horticulturist, foremen) with decision-making authority available to attend meetings when scheduled. In any year of the

Contract, if the Contractor fails to attend meetings, VOTP may seek corrective measures that could include delays in the processing of Contractor's invoice.

STAFFING PLAN

The Contractor shall be responsible for employing and assigning a staff of competent personnel who are fully licensed, insured and qualified to perform the landscape work as required by this contract. At the onset of the Contract the Contractor shall provide staffing schedules for the Street Superintendents' review and approval. Staffing issues shall be reviewed at monthly meetings as required. Bidder shall describe anticipated maximum and minimum crew sizes with its bid. Bidder shall also provide a list and description of any work to be performed by subcontractors with its bid.

SUPPLY AND EQUIPMENT REQUIREMENTS

As described under "Contractor's Responsibilities," the Contractor shall supply all consumable supplies. Any costs for supplies shall be included as part of the bid price. Bidder shall submit a list of proposed supplies indicating a description and the brand name of each. Additionally, on demand the Contractor must provide a completed Manufacturer's Standard Material Safety Data Sheet (OSHA Form #20) for all fertilizers, herbicides and pesticides that may be used for the contract.

Any equipment or supplies of improper type or design, or inappropriate for the intended use, shall be replaced with satisfactory equipment or supplies at the Contractor's expense. On demand, the Contractor shall submit where it will warehouse and how it will transport the equipment to and from the site.

LIST OF SITES

The following list of sites is provided as a reference, and more details can be found in the detailed bid tab. VOTP may add or delete sites from the list as future maintenance needs may change. The acreages and square footages provided here are given as an estimate, and VOTP does not guarantee their accuracy. An estimated boundary of each site can be found in the corresponding map book on the page listed under the "Map Grid #" column. Some sites span more than one page, but in those cases only one map grid number is given. For treatment program one, only the turf areas are receiving treatments, but some parcels may also include beds in and amongst those turf areas. Treatment program two covers both lawn and bed areas at high profile sites.

LIST OF MAINTENANCE SERVICES TO BE PERFORMED

A detailed breakdown of the maintenance category that applies to each site can be found above and on the bid tab pages. In general, standard turf only sites require treatment program 1, and select high profile sites require treatment program 2.

TREATMENT PROGRAM 1

This is the standard turf areas treatment program intended to manage turf in Village owned and Village maintained areas. Apply two rounds of treatments throughout standard turf areas annually. One application during the spring application window and once in the late summer application window. Any scheduled herbicide applications require four (4) days advanced notice to VOTP, and are subject to approval. Certain public buildings and facilities may require weekend or after hours applications, as directed by VOTP. All applications are to be performed in accordance with the manufacturer's specifications, by a state licensed pesticide applicator. Chemical Specifications are noted below.

TREATMENT PROGRAM 2

This is an intense treatment program intended to keep high profile Village sites looking their very best, including turf as well as landscape beds. Certain public buildings and facilities such as Village Hall may require weekend or after hours applications, as directed by VOTP. The program consists of four (4) annual applications for turf areas, and three (3) applications of appropriate herbicide to manage weeds and vegetation in planting bed areas. In addition to applications, this program also includes plant health care monitoring. During their scheduled visits, the Contractor shall monitor and identify any plant

diseases and pests, and suggest treatment strategies with the Street Superintendent. Any treatments chosen will be considered additional services, and are subject to approval through a new proposal. Chemical Specifications are noted below.
