EXHIBIT 1

CONTRACT WITH MIDWEST MECHANICAL FOR THE PUBLIC WORKS GARAGE AIR STATION / COMPRESSOR UNIT REPLACEMENT

Village of Tinley Park

SERVICE CONTRACT

Public Works Garage Air Station / Compressor Unit Replacement

This Contract is by and between the **Village of Tinley Park**, an Illinois Home-Rule Municipal Corporation (the "Village"), and **Midwest Mechanical** (the "Contractor"), for the Project or Work described in Exhibit A, attached hereto and made a part hereof.

1. In consideration of the compensation stated in Paragraph 2, the Contractor shall provide all the services described in the Scope of Services attached hereto as "Exhibit A" and incorporated herein by reference. The express terms of this Contract shall take precedence and control over any term or provision of the Scope of Services (Exhibit A) that in any way conflicts with, differs from, or attempts to alter the terms of this Contract.
2. Except in the event of a duly authorized change order approved by the Village as provided in this Contract, and in consideration of the Contractor's final completion of all Work in conformity with this Contract, the Village shall pay the Contractor an amount not to exceed Thirty Nine Thousand Eight Hundred Ninety Dollars and 00 Cents. **(\$39,890.00)**. Within thirty (30) calendar days of completion of the Work, the Contractor shall submit his application for payment to the Village, and the Village shall pay Contractor for the Work performed no later than thirty (30) calendar days from the date of the Village's receipt and the Village's approval of the Work and the application for payment. No payment shall be made by the Village until the Contractor has submitted to the Village (i) a Contractor's Affidavit listing all Subcontractors and material suppliers utilized on the project and (ii) Final Waivers of Lien from the Contractor, all Subcontractors and all material suppliers.
3. No changes shall be made, nor will invoices for changes, alterations, modifications, deviations, or extra Work or services be recognized or paid except upon the prior written order from authorized personnel of the Village. The Contractor shall not execute change orders on behalf of the Village or otherwise alter the financial Scope of the Project.
4. Written change orders may be approved by the Village Manager or his designee provided that the change order does not increase the amount set forth in Paragraph 2 of this Contract to more than \$10,000.00. Changes in excess of this amount must be approved by the Village Board prior to commencement of the services or Work. If a requested change causes an increase or decrease in the cost of or time required for the performance of the Contract, Contractor will agree to an equitable adjustment in the contract price or performance schedule, or both. Neither party is obligated to comply with requested changes unless and until both parties execute a written change order.
5. Time is of the essence on this Contract. The Contractor shall complete all Work under this Contract on or before the dates specified in the Contract, unless otherwise agreed upon by the Village Engineer.
6. No "Notice to Proceed" may be given nor any Work commenced until this Contract is fully executed and all exhibits and other attachments are completely filled out and attached hereto.
7. It is understood and agreed by the parties that the Contractor is an independent Contractor retained for the above-mentioned purpose. The Village shall not control the manner nor the means of the Contractor's performance, but shall be entitled to a Work product as described herein. The term "Subcontractor" shall mean and include only those hired by and having a direct Contract with Contractor for performance of Work on the Project. The Village shall have no responsibility to any Subcontractor employed by a Contractor for performance of Work on the Project, and all Subcontractors and material suppliers shall look exclusively to the Contractor for any payments due. The Village will not be responsible for reporting or paying employment taxes or other similar levies that may be required by the United States Internal Revenue Service or other State or Federal Agencies. Every Subcontractor shall be bound by the terms and provisions of this Contract as far as applicable to their Work. The Contractor shall be fully responsible to the Village for the acts and omissions of its Subcontractors, and shall ensure that any Subcontractors perform in accordance with the requirements of this Contract. Nothing contained herein shall create any contractual or employment relations between any Subcontractor and the Village. The Contractor is solely responsible for the safety procedures, programs and methods of its employees and agents and shall hold the Village harmless for any and all damages resulting from violations thereof. The Contractor shall comply with all applicable federal, State and local safety laws and regulations.

8. It is further agreed that the Contractor shall indemnify, hold harmless, and defend the Village, its officers, agents, and employees from and against any and all claims, losses, damages, causes of action, suits, and liability of every kind, including all expenses of litigation, court costs, and attorneys' fees, for injury to or death of any person or for damage to any property arising out of or in connection with the Contractor's negligence under this Contract.
9. The Contractor assumes full responsibility for the Work to be performed hereunder and hereby releases, relinquishes, and discharges the Village, its officers, agents, and employees from all claims, demands, and causes of action of every kind and character, including the cost of defense thereof, for any injury to or death of any person and any loss of or damage to any property that is caused by, alleged to be caused by, arising out of, or in connection with the Contractor's negligence in its Work to be performed hereunder. The Contractor shall maintain insurance coverage in an amount and from a carrier suitable to the Village, and the Village shall be named as an additional insured where required. Certificates of Insurance are attached hereto as "Exhibit B".
10. The Village is exempt from payment of State and Local sales and use of taxes on labor and materials incorporated into the Project. If necessary, it is the Contractor's responsibility to obtain a sales tax permit, resale certificate, and exemption certificate that shall enable the Contractor to buy any materials to be incorporated into the project and then resale the aforementioned materials to the Village without paying the tax on the materials at the time of purchase. In no event will the Village be liable for or pay any sales or use taxes incurred by the Contractor in performing the services under this Contract.
11. The Contractor shall comply with all applicable Federal, State, and Local statutes, regulations, ordinances, and other laws, including but not limited to the Immigration Reform and Control Act (IRCA). The Contractor may not knowingly obtain the labor or services of an unauthorized alien. The Contractor, not the Village, must verify eligibility for employment as required by IRCA.
12. At any time, the Village may terminate this Contract for convenience, upon written notice to the Contractor. The Contractor shall cease Work immediately upon receipt of such notice. The Contractor shall be compensated for services performed and accepted by the Village up to the date of termination.
13. No waiver or deferral by either party of any term or condition of this Contract shall be deemed or construed to be a waiver or deferral of any other term or condition or subsequent waiver or deferral of the same term or condition.
14. This Contract may only be amended by written instrument approved and executed by the parties.
15. This Contract and the rights and obligations contained herein may not be assigned by the Contractor without the prior written approval of Village.
16. The parties hereby state that they have read and understand the terms of this Contract and hereby agree to the conditions contained herein.
17. This Contract has been made under and shall be governed by the laws of the State of Illinois. The parties agree that performance and all matters related thereto shall be in Cook and/or Will County, Illinois.
18. Contractor, its employees, associates or Subcontractors shall perform all the Work hereunder. Contractor agrees that all of its associates, employees, or Subcontractors who Work on this Project shall be fully qualified and competent to do the Work described hereunder. Contractor shall undertake the Work and complete it in a timely manner.
19. If any provision of this Contract shall be held to be invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable. If a court of competent jurisdiction finds that any provision of this Contract is invalid or unenforceable, but that by limiting such provision it may become valid and enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.
20. This Contract represents the entire and integrated agreement between the Village and Contractor and supersedes all prior negotiations, representations, or agreements, either written or oral.
21. This Contract will be effective when signed by the last party whose signing makes the Contract fully executed.

22. The Contractor agrees to comply with the Illinois Prevailing Wage Act, if the Work to be performed under this Contract is covered by said Act.
23. The Contractor agrees to comply with the Illinois Substance Abuse Prevention on Public Works Projects Act.
