Congratulations. Welcome to Tinley Park. We are here to assist you.

Please Follow these Easy Steps:

- CONTACT THE ECONOMIC DEVELOPMENT DEPARTMENT REGARDING POTENTIAL BENEFITS
  Your business may be eligible for special economic development benefits or incentives. Before you purchase/lease the property or begin construction, please contact the Tinley Park Economic Development Department at (708) 444-5000 for more information.

- BEGIN THE CHANGE OF USE/OVER OWNER PROCESS
  A Change of Use or Change of Owner Permit is for businesses leasing a previously occupied commercial or industrial space or purchasing an existing business or property. Upon receiving a completed application and fee from a new/prospective owner or user, the Tinley Park Building Department will schedule an inspection for the space/property and Village inspectors will identify items that do not meet current codes. The property owner and/or tenant will be responsible to make the necessary improvements to any outstanding conditions prior to receiving a Certificate of Occupancy. In some cases, a Temporary or Conditional Certificate of Occupancy may be issued along with due dates for completion of bringing outstanding items up to code.

- COMPLETE THE CHANGE OF USE/OWNER APPLICATION FORM (attached)
  Before a lease or sale is complete, a Change of Use/Owner Application must be completed and returned to the Building Department for review to ensure the basic zoning criteria has been met. The fee for a Change of Use/Owner application is $30. If you have questions regarding this application, please contact the Building Department at (708) 444-5100.

- SET UP INSPECTION
  After receiving the completed Change of Use Permit Application, the Building Department will call to set up an inspection date. This inspection will be conducted by the Building, Plumbing, Electrical, Public Works, Planning, Fire Prevention, and Health (if applicable) inspectors. It is recommended that you, the current property owner/management company, and ideally your general contractor, are present for the inspection.

The inspectors will arrive between 9:00am and 11:00am on the scheduled date and must have access to the utility room, especially if leased space is within a strip mall or multi-tenant building. These inspections will provide the potential lessee/buyer with a list of any code violations or repairs necessary to bring the property up to code. This information is usually important in the negotiations of a contract or lease.
Please note the following are some of the basic items reviewed by the Inspectors:

BUILDING

1. Restroom accessibility, grab bars, lav guards and placard.
2. Furnace and hot water tank may be required to be serviced by a licensed HVAC contractor.
3. Commercial kitchen, hood exhaust to be serviced and cleaned by qualified contractor, documentation required for re-inspection.
4. Restaurant - provide a floor plan if requested by the code official to include table and chair layout.
5. Accessible cash counter for mercantile and food service business.
6. Inspect existing bathroom exhaust and venter directly to the outdoors.
7. Building permits required for any proposed renovations and for all mechanical, electrical and plumbing (MEP) renovations.

2. All existing electrical not being used must be removed.
4. All existing electrical outlets and lighting must be functional.

PLUMBING:

1. Checking for required fixtures in bathrooms and other areas requiring plumbing. ADA compliance, tempering valves for lavatory faucets
2. Checking for required backflow prevention devices on potable water supply, ice machines, coffee and soda dispensing machines, etc.
3. Insuring the installation of approved working expansion tanks on hot water heaters, atmospheric relief vents if required
4. Checking for required floor or slop sinks
5. Inspecting for non compliant saddle or illegal tapped devices

HEALTH (food establishments)

1. Number of hand sinks and supplied (hot/cold water, soap, and paper towels)
2. Number of refrigerators/freezer and ensure they are at temperature

2. Does the unit have an RPZ or double check valve and is it currently certified.
3. Make sure the paperwork is attached to the device.
4. If there is no protection (RPZ or double check) determine if one is needed for the new business.

FIRE PREVENTION:

5. Modifications or alterations of the space

- REVIEW YOUR INSPECTION REPORT LETTER
Once this inspection is complete, a letter containing all corrections and/or code violations found will be sent to the applicant and current building/business owner. Some corrections may require a Building Permit.

- SUBMIT REQUEST FOR CERTIFICATE OF OCCUPANCY
If you are still interested in occupying the space, you will have to complete the corrections and call for re-inspections. All inspectors will then conduct a final inspection, and pending any further corrections, a Certificate of Occupancy will be issued for your business and/or building, along with a Tinley Park Business License (if applicable).

- IF REMODELING, SUBMIT A BUILDING PERMIT REQUEST
If you are interested in extensive remodeling, a Building Permit is required. Permits must be issued prior to any remodeling or additions that the new owner desires to complete. Plans submitted for permit should include all corrections contained in the inspection report letter. Because walls are often moved, this most often requires relocation of fire sprinkler heads. Fire Suppression/Alarm Permit Applications will be required to be submitted along with the Build-Out/Interior Remodel Permit Application. Following the final inspections of a remodel, a Certificate of Occupancy may be issued (if applicable).
BUILD - OUT/INTERIOR REMODEL PERMIT CHECKLIST
