

# WATERLOO HISTORIC PRESERVATION COMMISSION

## Email Vote – May 22, 2015

Staff person Miller e-mailed the Waterloo Historic Preservation Commission on May 22, 2015 to Historic Preservation Commission members.

### I. Decision Items

#### 1. **Certificate of Appropriateness at 835 Steely Street**

Request for Certificate of Appropriateness to allow for the replacement of windows, siding and addition of an overhang on the home.

Miller noted that the applicant would like to replace the existing windows and siding due to deterioration and the possibility of lead paint hazard on the windows and asbestos within the siding. The applicant would also like to construct additional overhangs on the front and rear of the home.

*Ottesen, Stevens, Andera, Linda and Cass voted to approve the request.*

Respectfully submitted,

Adrienne Miller,  
Associate Planner
