# CITY OF WYANDOTTE REQUEST FOR COUNCIL ACTION

MEETING DATE: February 5, 2018 AGENDA ITEM # 2

ITEM: Bid File #4722 - Remounting of Ambulances

PRESENTER: Todd A. Drysdale, City Administrator

INDIVIDUALS IN ATTENDANCE: N/A

**BACKGROUND:** At the City Council Meeting dated January 22, 2018, the Fire Chief recommended that Emergency Vehicle Plus of Holland, MI, be awarded the bid (#4722) for remounting of the two (2) ambulances used by the Wyandotte Fire Department. Their bid amount was \$259,932. After a lengthy discussion, the recommendation was held in abeyance until the February 5, 2018, City Council Meeting. Below are the pertinent points of this recommendation:

- 1. There was two (2) bidders for this work.
- 2. The recommended bidder was not the low bidder. The other bidder, Mercy Sales, bid \$210,513 or \$49,419 less than the recommended bid.
- 3. The rationale for recommending the higher bid includes:
  - a. Upon site visit, the low bidder's primary business is not third-party ambulance remounting. Their primary business is an actual ambulance service that serves areas in northern and mid-Michigan while servicing their own vehicles as well as attempting to establish a footprint in third-party remounting.
  - b. All of the paint and body remount work will be subcontracted to contractors who will not have a direct contractual commitment to the City of Wyandotte.
  - c. The only ambulance remounts performed by the low bidder have been those affiliated with their own ambulance service and their ownership group.
  - d. The bid submitted by the low bidder lacked many requirements included in the bid specifications and other additional information needed to evaluate the bid proposal. Obtaining the information has been challenging.

Note that the bid specifications states "the City reserves the right to reject any or all bids and also to waive any formal defects in bids when deemed for the best interest of the City". Additionally, the City's Procurement Policy states that bid awards will be based on:

- a. Previous work performance;
- b. Reliability, skill, qualifications and integrity of bidder;
- c. Bid price;
- d. Cleanliness;
- e. Sufficiency of equipment, fitness and responsibility or capacity to perform the work or furnish the supplies at the bid price;
- f. Insurance and licenses when required by law in a form and amount satisfactory to the City;

- g. References and experience of the bidder;
- Good communication and compliance with the bid requirements set forth in the specifications;
- Wyandotte-based business and consideration of the Wyandotte-based business preference (2%) as enumerated in the City Council Resolution dated July 24, 2006;
- j. Any other criteria that the City, in its sole discretion, feels are necessary for the bid.

Based on the above criteria, the bid from Emergency Vehicle Plus is deemed the best bid proposal to meet the needs of the City in remounting the ambulances in a timely and professional manner.

STRATEGIC PLAN/GOALS: To provide the finest services and quality of life

**ACTION REQUESTED:** Accept the bid proposal from Emergency Vehicle Plus to remount two (2) 2008 F350 McCoy Miller ambulances in the amount of \$259,932.00

**BUDGET IMPLICATIONS & ACCOUNT NUMBER:** Project (\$300,000) was included in the 2018FY Budget to be funded by an internal loan from the Self-Insurance Fund to be repaid by the charter-authorized debt levy. Budget amendment to record the expenditure (402-336-850-530) and the corresponding loan from the Self-Insurance Fund (677) will be proposed to the City Council upon final timing of transaction.

**IMPLEMENTATION PLAN:** Fire Chief to oversee project upon contract execution.

<u>COMMISSION RECOMMENDATION:</u> Recommendation approved by Police and Fire Commission on January 9, 2018.

Chief Jeff Carley Wyandotte Fire Department 266 Maple Street Wyandotte, MI 48192

Dear Chief Carley;

Brownstown Fire has had three of our older Medtech transport ambulances refurbished by Emergency Vehicles Plus out of Holland, MI. In March 2014 we solicited bids to have one of our 2001 units refurbished which included completing removing our transport box, refurbishing both the exterior and interiors to our specifications and remounted on a new chassis. We received two bid returns. These were reviewed to determine compliance with our specifications. Emergency Vehicles Plus (EVPlus) was found to meet all specifications. Even though, they were a slightly higher bid price between the two bidders, EVPlus was able to start the work sooner, indicated that they could deliver the new unit within 90 days and was located within Michigan. EVPlus was awarded the bid. During the refurbishment process EVPlus kept in constant contact to update me on the process and confer with me on any issues that they may have come across during the rebuild. We had a couple on site visits during construction to see the procedures and refurbishment operations of their facility as well as the progress with our unit. The unit was delivered as indicated. This refurbished process was able to save us \$60,000 opposed to replacing the same with a new unit. After deliver and the unit being in services for a few months some small issues were discovered with the refurbishment. EVPlus was contacted and they sent their service personnel to our site to make all corrections. The representatives of EVPlus worked with us to honor any warranty issues and accommodated our concerns.

In 2015 the Township board waived the bid process and allowed for me to send an additional 2001 Medtech transport ambulance to EVPlus for refurbishment. This decision was made to allow for us to have two new refurbished units that would be identical in layout and design. Once again the process went very well and the unit was delivered within the specified turnaround times. The pricing was also held to the same as the first unit that was completed 12 months earlier. Again any warranty issues were address by EVPlus.

In 2016, we once again solicited bids to have one of 2004 Med Tech transport ambulances refurbished just to see if there was any other companies that could provide pricing for comparison. These solicitations and our bid specs were posted on the MITN bid Network. Only two bids were received. EVPlus was slightly higher in costs; however the competitor was not able to start on the unit for several weeks and had a much longer turn around delivery time. We once again wanted this unit to identically match the previous two units. EVPlus was once again awarded the bid.

Overall EVPlus has been very good to work with on these projects. They have honored any warranty issues and have produced a great product. We have been able to take our existing investments of our custom designed ambulance transport boxes, have hem fully refurbished interiorly and exteriorly, and placed them on new chassis, both extending the service life and saving us an overall amount of \$180,000.

If I can answer any other questions you may have about our refurbishment projects, please feel free to contact me.

Respectfully Submitted,

Jeff E. Drouillard

AGENDA ITEM# 5

ITEM: Hiring- Cade Barwig as a Probationary Police Officer

PRESENTER: Brian K. Zalewski, Chief of Police

**INDIVIDUALS IN ATTENDANCE:** Brian Zalewski

BACKGROUND: The City of Wyandotte accepted applications for the position of Police Officer and the applicants were required to take the entry level written examination as administered by EMPCO Inc. Those applicants who were successful in passing the examination were then required to take a physical agility test with the passing candidates being invited for a formal interview followed by a background investigation. As a result of the selection process and after the scores have been tabulated, the candidates were ranked according to their scores. At the October 24th, 2017 Police Commission meeting the candidate list was certified by the Commissioners. After completion of this extensive process, we are requesting City Council approval to hire Cade Barwig.

Bun K. Jalund

Cade Barwig, who resides in Wyandotte, has an Associate's Degree from Henry Ford College and is currently enrolled in the Wayne County Regional Police Academy at Schoolcraft College. His hiring will have the additional contingency that he will successfully complete the police academy.

Cade will be filling a current vacancy for police officer which was created by an officer's resignation. Cade is very excited about this opportunity to work with the Wyandotte Police Department. If approved for hire by the City Council, a conditional job offer will be presented to Cade Barwig and his hiring will be contingent upon passing a physical, psychological examination and drug screen along with the additional stipulation of graduating the police academy.

STRATEGIC PLAN/GOALS: To offer the highest quality of law enforcement services for our residents, business owners, and visitors to the City of Wyandotte which directly correlates to their quality of life. If approved, Cade Barwig will be hired, enter our 12-week field training program, and be on probationary status for 18-months.

**ACTION REQUESTED:** Concur with the police department to hire Cade Barwig as a Probationary Police Officer.

BUDGET IMPLICATIONS & ACCOUNT NUMBER: Funds for this position salary/benefits are budgeted in the police department budget in the salary account 101-301-725-110. Cade Barwig will be filling a position which was created by the resignation of Officer Kyle Runyon.

IMPLEMENTATION PLAN: The City Administrator's Office and Human Resource Department will coordinate the hiring and implementation of benefits for the position.

COMMISSION RECOMMENDATION: The Police Commission approved the hiring of Cade Barwig at their regular meeting on Tuesday January 23<sup>rd</sup>, 2018. Spupdal. Cade Barwig 434 Orange St. Wyandotte, MI 48192

Dear Cade,

Congratulations, you have successfully completed the selection process for the position of Police Officer with the Wyandotte Police Department. On October 24<sup>th</sup>, 2017, the Police Commission reviewed and certified the Police Officer Candidate list. On January 23<sup>rd</sup>, 2018, the Police Commission gave authorization to extend to you a conditional offer of employment. This conditional offer is subject to your ability to successfully complete and graduate from the Schoolcraft College Police Academy, a comprehensive medical/psychological examination and drug screening.

Upon Police Academy graduation you will be scheduled for these examinations to be conducted. Please give careful consideration to your acceptance as the City of Wyandotte incurs considerable expense for this testing. A final offer of employment will be forwarded to you after approval of your hiring by the Mayor and City Council at their next scheduled meeting.

We are looking forward to a successful employment relationship.

Sincerely,

Brian K. Zalewski Chief of Police

# CITY OF WYANDOTTE REQUEST FOR COUNCIL ACTION

MEETING DATE: February 5<sup>th</sup>, 2018 AGENDA ITEM # \_\_\_\_\_\_\_

ITEM: The Purchase of Lexipol: Policy Management Software for Public Safety

**PRESENTER:** Archie Hamilton, Deputy Chief of Police

**INDIVIDUALS IN ATTENDANCE:** Archie Hamilton, Brian Zalewski

BACKGROUND: The Wyandotte Police Department is pursuing accreditation through the State of Michigan. In order to achieve this goal our department will need software that will maintain, organize, and disseminate policies per the required standards set forth by State of Michigan. Currently there are only two companies that offer this unique service. We received bids from both these companies, Lexipol and Power DMS. However, Lexipol is the only service that is staffed with "Policy Experts" which have the capability to formulate legally defensible policies and provide continuous legal review of those policies. After reviewing the quotes and conducting extensive research into both services, I am requesting to purchase the services of Lexipol in an effort to achieve accreditation.

**STRATEGIC PLAN/GOALS:** To achieve accreditation and to establish a set of policies & procedures that are conceptually sound which will maximize our operational effectiveness.

**ACTION REQUESTED:** Concur with the police department to purchase Lexipol, a professional policy management service.

**BUDGET IMPLICATIONS & ACCOUNT NUMBER:** The cost for Lexipol is \$12,145.00 annually with no long-term agreement. The service can be cancelled at the end of the year with no penalty. The funds for this purchase are available in the police department's budget, #101-301-825-395 (Information Technology).

**IMPLEMENTATION PLAN:** This service is web-based. Therefore, once approved Lexipol will provide us with access to their service via the internet.

**COMMISSION RECOMMENDATION:** The Police Commission unanimously approved this purchase at their scheduled meeting on January 23, 2018.

<u>CITY ADMINISTRATOR'S RECOMMENDATION</u>: The City's Procurement Policy requires competitive sealed bids when a purchase exceeds \$10,000. The City Council can waive this requirement when the purchase of supplies, materials, equipment or contractual services is unique in nature. The City Council can also award a bid without competition when, after a good faith review of available resources, it is determined that only one source for the required purchase exists. It is recommended that the competitive sealed bid requirement be waived for

this purchase because there is only one (1) vendor authorized by the State of Michigan who provides the unique service of "real-time" policy formulation and review. Thus, concur with is recommendation. S Dupdal LEGAL COUNSEL'S RECOMMENDATION: N/A **MAYOR'S RECOMMENDATION: LIST OF ATTACHMENTS:** 1. Letter to City Administrator 2. Letter to Police Commission 3. Subject: Lexipol

Mr. Drysdale,

I am requesting to purchase the services of Lexipol. In pursuit of accreditation we are in need of software that will aid in the formation, storage, and dissemination of departmental policies. This service provides over one hundred and seventy state specific policies vetted by public safety attorneys. In addition, Lexipol's staff of attorneys track all changes in legislation, constitutional law, and evolving best practices. Therefore, our policies will always be up-to-date regardless the legal changes that take place daily. Through a web based application our employees will receive and acknowledge all changes and updates regarding policy. Furthermore, Lexipol will send scenario-based training daily to all of our employees in respect to the policies; therefore, litigation for "failure to train" will be greatly reduced. Finally, Lexipol will aid our efforts in obtaining accreditation by allowing the state assessors remote access to our progress. Lexipol is the only company that provides all necessary policies, web-based storage for accreditation, frequent policy updates, and continuous training for employees.

Power DMS is another company that offers web-based storage for accreditation and continuous training for employees. Though, Power DMS does not provide the actual policies nor do they track the daily changes in legislation, constitutional law, or best practice.

We have spoken with several police administrators throughout the state who currently use either Lexipol or Power DMS, and have participated in demos from both companies. After an extensive review we feel that Lexipol provides our department with a unique service that will reduce liability and optimize the guidance we give our personnel.

## Lexipol Quote:

The cost is \$12,145.00 annually. The funds for this purchase are currently in our 2017-2018 budget, #101-301-825-395 (Information Technology). See attached quote.

Located in the Great Lakes Bay region of Central Michigan, the Midland Police Department employs 48 sworn officers who protect 42,000 citizens over a 36sauare-mile area.

## Challenge

When Lexipol launched its Michigan Law Enforcement policy manual, Chief Clifford Block of the Midland Police Department (MPD) was waiting. In fact, he'd waited nearly eight years. "I was sold on it as far back as 2009, so when I heard they were coming to Michigan in 2015, I jumped on board the same week the product launched," he says.

Chief Block's interest in Lexipol stemmed from the struggle his department faced in keeping policies up to date in the face of changing laws and regulations. "We had a pretty decent manual; it was comprehensive, but the updates were lacking," he says. "To maintain it and update policies on an annual basis was way too daunting."

Chief Block was also drawn to Lexipol co-founder Gordon Graham's vision for best practices and policy consistency in departments across the U.S. "Gordon talks about how highspeed pursuits in one jurisdiction should be the same in another," he says. "That concept makes a lot of sense."

# Lexipol

## Solution

Lexipol's Michigan Law Enforcement policy solution proved a great fit for the challenges MPD was facing, providing a comprehensive set of best practice policies, continuous legislative and case law monitoring, and training.

The MPD worked methodically to review the policies and introduce the officers to them. "We required our officers to review chapters in two-week periods," Chief Block says. "The old policy manual stayed in effect until everyone had reviewed everything. During this process Lexipol's customer service was very responsive, very helpful."

Another key solution involved the integrated Daily Training Bulletins (DTBs). "If you're going for a promotion, you review your policies, but otherwise you generally don't," Chief Block says. "The DTBs make training on policy so simple. They give the officers an opportunity to review the policies using real-life scenarios, and we can easily track completion."

## Results

A little over a year after signing with Lexipol, the MPD has 111 policies issued and acknowledged by staff and has rolled out the Daily Training Bulletins to all officers.

Although the department is still new to Lexipol, Chief Block can already anticipate the results. "It just makes good sense to me to have experts overseeing our policy manual as opposed to relying on myself to track the case law and the legislation," he says. "This will make the maintenance part very easy. What I see happening in most departments is that the manual gets done but then it doesn't get updated for 10 years. Here, if something changes, we get notified, and then we review the updates and add them. And that frees up my time."

Chief Block also sees significant benefits from the integrated training component of the Lexipol solution. "Obviously a more thorough knowledge of the policy manual keeps the officers safer," he says. "And the DTBs are huge in helping us avoid litigation."

Looking ahead, Chief Block sees another way Lexipol will pay off for the MPD: "We're going to be going through the Michigan law enforcement accreditation process, and having these comprehensive policies in place should make that very easy," he says. Lexipol's electronic platform also features an accreditation toolset to simplify accreditation compliance.

More time, decreased risk, better trained officers and assistance with accreditation. For Chief Block, that all adds up to peace of mind: "I don't have to lose sleep at night, worrying about whether our policies are sound."

Re:

Lexipol

I highly recommend Lexipol for any police agency in the State of Michigan. Lexipol is America's leading provider of risk management policies and resources for organizations, delivering services through a unique, web-based development system. Lexipol offers state-specific policy manuals that are integrated with scenario-based daily training on high-risk, low frequency events.

This one-of-a-kind service is the first step in professionalizing your police department. Lexipol provides policies that are created and constantly reviewed by "Policy Experts". This is a service like no other, as it ensures your staff will always be guided by the most current policies despite the continuous change in case law, legislation, and best practices. Additionally, Lexipol will electronically train all your members on updates in the law that affects law enforcement operations. This new format will be different than what we are accustom to but paperless and user friendly. Department members will have access to our manual anytime via the Internet and through a free phone app version.

This will provide direction to personnel, define organization expectations and promote confidence and professional conduct among staff. This will further increase your department's reputation and increase respect with sound, defensible, up to date policies coupled with daily policy training.

I cannot recommend Lexipol enough knowing now what it delivered to my agency. There is little doubt in my mind that the decision to utilize Lexipol will be one of the most important decisions you will make as an administrator. Lexipol will greatly benefit the officers and citizens of the City of Wyandotte. Excellent decision!!

#### SPECIAL ORDER:

Commission discussed with Superintendent Lanagan:

- Superintendent Lanagan brought up the idea of raising rates at the golf course for the 2018 golf season to help maintain positive cash flow at the golf course. A discussion ensued and raising rates at this time was not favorable. Superintendent Lanagan suggested a couple of ways to generate extra revenue to offset the minimum wage increase for all employees and the Davey Golf contract increase. One suggestion was selling hole sponsor plaques. The 5 x 7 plaques placed at each tee area would advertise a local business with contact information for said business. It was also suggested to raise a few of the concession items at the golf course.
- Superintendent Lanagan stated an Eagle Scout came to see him about placing duck boxes at Bishop Park to earn his Eagle Scout badge. Superintendent Lanagan suggested placing the boxes at BASF Park, Wyandotte Shores Golf Course and Beaver Park along the creek. The Troop Leader helping mentioned anywhere from five to twenty boxes could be placed in those locations. Superintendent Lanagan stated placing four boxes along the creek in

"Beaver Park", two at BASF Waterfront Park and two within Wyandotte Shores Golf Course would be sufficient. The boxes would remain for a year and the Eagle Scout would use fundraising for supplies, adults to help him construct the boxes and the Eagle Scout would remove all of the boxes and materials after the one year passed if he could not find an animal group to maintain the boxes. Superintendent Lanagan stated he would have him sign a hold harmless agreement for working on city property. Commissioner Merritt motioned in support of the project, Commissioner DeSana seconded, Commission unanimously passed.

There being no further business to discuss, a motion was made by Vice President Ronco and supported by Commissioner Merritt to adjourn the meeting at 6:05 pm.
