# the 3/50 project<sup>®</sup>

SAVING THE BRICK AND MORTARS  
OUR NATION IS BUILT ON

**3** Think about which three independently owned businesses you'd miss most if they were gone. Stop in and say hello. Pick up a little something that will make someone smile. Your contribution is what keeps those businesses around.

**50** If half the employed U.S. population spent \$50 each month in independently owned businesses, their purchases would generate more than \$42.6 billion in revenue. Imagine the positive impact if 3/4 of the employed population did that.

**68** For every \$100 spent in independently owned businesses, \$68 returns to the local economy through taxes, payroll, and other expenditures. If you spend that in a national chain, only \$43 stays here. Spend it online and *nothing comes home*.

**1** The number of people it takes to start a trend...*you*.

*Pick 3. Spend 50.  
Save your local economy.*
