BetterBuildings for Michigan uses a community approach to deliver energy efficiency programs for homes and businesses by providing access to resources and affordable loans. The program is supported by the American Council on Energy-Efficient Buildings and developed by the Michigan Department of Energy, Labor & Economic Growth (DELEG), Michigan State University (MSU) Energy Efficiency and Development Corporation of the City of Detroit, and the Southeast Michigan Regional Energy Office.

Additional partners include: Clean Energy Solutions, Michigan Energy Options, Building Science Energy Software, Michigan Association, and the City of Wyandotte, MI, Department of Municipal Services.

This great program lets you participate on three levels:

LEVEL ONE:

- No cost home energy audit.
- Installation of energy saving devices.

LEVEL TWO

Level one plus:

- Incentives for energy saving blower door assisted air and duct sealing (to increase home comfort and decrease energy losses).

LEVEL THREE

Levels one and two plus:

- Double rebates on energy saving measures and equipment.
- 1.99% low interest financing available for qualifying upgrades.

Now is the time to make our Wyandotte homes healthier and more comfortable, lower energy bills and do something good for the community.

Come out and see how your neighborhood can win \$25,000 worth of energy efficiency upgrades on a community building.
