America's fighting men and women have served bravely and well in this nation's armed conflicts. Never was their dedication more evident than in the struggles against aggression in the stifling jungles of Vietnam.

Sacrifice was the heart of their service, courage was a way of life; compassion for their comrades was their special grace. Devotion to duty, honor and country indelibly marked their place in America's proud pursuit of freedom for all men.

It is with a deep sense of gratitude that we honor all those who served and their loved ones who suffered with them through the long night that is war.

Over 58,220 U.S. soldiers were killed in Vietnam

The Wyandotte Vietnam Veterans Memorial is planned for the east end of Superior Boulevard at Van Alstyne. The monument will be constructed of domestic black granite that is quarried in the United States. The front of the monument will be engraved as follows:

### WYANDOTTE VIETNAM VETERANS MEMORIAL

A map of Vietnam will be featured on the center section. The above revered soldiers names will appear on the right panel. The back will feature additional designs and etchings. Two sizes of granite pavers are available for purchase for those who wish to celebrate, honor or memorialize a loved one. Four (4) engraved granite benches will be placed at the site and are available for \$2,500 each. A limited number of benches are available.
