Clothes & Shoes Collection Newsletter

Spring 2013

12499 Delta Street,
Taylor, MI 48180

GREETINGS & GOOD WISHES FOR A PRODUCTIVE 2013

This newsletter has its purpose to give a **HUGE Thank you!** to all the wonderful people who host our clothing collection boxes, and to the many people who donate their used clothes and shoes. We believe it is very important that we keep these valuable resources from ending up in landfills, producing more unwanted CO2 that's released into our atmosphere, by continuing to get more use out of them, often by people who are struggling economically here in the US and abroad.

When you donate your clothes and shoes to IICD Michigan, you help fund a training program called 'Fighting Shoulder to Shoulder with the Poor'. The 18 month program is based here in Michigan. Volunteers are trained in how to use education to empower people, how to lead and mobilize communities, and how to prepare our youth for the challenges that are undoubtedly going to be a part of all our futures. The volunteers take this knowledge to their work in Africa.

IN THIS ISSUE

You are doing your part to help empower people to have access to affordable clothing in Central America and the middle-east when you donate to us. **We are very proud to say that in 2012; together we collected 2,248,600 pounds of clothes and shoes.** That is over 2 million pounds of material now re-used and recycled and diverted from ending up on Michigan landfills.

WELL DONE!

Please enjoy the articles and pictures in this newsletter, and for more about our program visit: www.iicdmichigan.org

IICD, Michigan volunteers working with the community in Mozambique!

Johan Lopez is one of the many IICD volunteers that are working in Southern Africa. He is at a teacher training college in rural Mozambique. He is saying:

"We are working with a very friendly staff, open to our ideas. Robert, the director of the teacher training college, is a young man with a fresh mind. He brings and supports new ideas. The education system here is screaming for change, and that is change that we came to contribute with together with the people here."

"We have started to make plans for the clubs that we will start to run, like a journalism club run by Andreas and an English Language Club run by both of us. We also want to start a school radio.

Our biggest ambition is to establish a one acre Organic Garden for the Teacher Training college. With the garden, we can enjoy fresh vegetables for the staff, the students and our own table! The Teacher Training College has a large role to play in the community since its main goal is to educate teachers for the challenges of rural schools. These children need a hands-on education that can teach them to tackle the challenges of a developing country.

We are very happy to support this important development for Mozambique's future by working here at the Teacher Training College!

State of Recycling In Michigan

In 2007 Michigan adopted the official State of Michigan Solid Waste Policy.

The policy has a goal of 50% waste utilization and recycling goal to be achieved by 2015. This policy will have both economic and environmental benefits. It is estimated that of the 4.3 million tons of resources that Michiganders throw away each year, there is a raw material value of \$435 million. Also, by achieving the 50% goal, the state would create 7,000 to 13,000 jobs. The IICD Michigan Clothes Collection is pushing for this goal by providing communities with blue donation boxes to recycle their unwanted clothes, shoes, books, and toys.

Americans throw away 68 pounds per person of textiles per year. Only 15% of unwanted clothes are recycled! The rest ends up polluting our open spaces and filling up our landfills! By recycling clothes and shoes, we eliminate the need to produce a new item, and we remove an item from ending up in a landfill.

LET'S ALL DO OUR PART!

Spotlight on Battle Creek!

In the spring of 2011, we placed our first clothes collection boxes in Battle Creek. We have quite a few boxes there, and are enjoying the support of the local communities that help host and donate into our boxes.

In this newsletter we want to spotlight 2 site hosts that have been very kind to our collection, mobilizing the communities around them to contribute!

Howard is the owner of Rib Shack on North Avenue. He displays his IICD, MI certificate proudly. The food is great!

The Sikh Religious Society in Battle Creek has also hosted a blue IICD clothes collection box since spring 2011. The box is located at their beautiful Sikh Temple and is the highest producing box in Battle Creek. Thanks so much!

Michigan Green Schools

In 2012 we have partnered with the Michigan Green Schools program and have started holding clothes drives in local schools.

Results from 2012

***In 2012 we collected 2.248 million pounds of clothes and shoes.**

***We expanded to Toledo and Grand Rapids and now have 580 clothes and shoes collection boxes.**

***We have donated approx. 9,000 books to local organizations and during outreach events, and hundreds of backpacks to local back to school drives.**

Community Connections

In 2012 we had the opportunity to participate in several local fairs and community events. We donated books, backpacks, baby items, toys, and coats. Being involved locally is a big part of our mission at the IICD MI Clothes Collection. We have worked a lot with the Detroit organization called Sew Up the Safety Net. They help at-risk women in Detroit by providing pregnancy support, as well as health and nutrition services. We were happy to participate in their community baby showers that served hundreds of Detroit families.

We also participated in fairs and community events with Matrix Human Services, Great Start Wayne, Georgia Street Community Collective, and The Green Street Fairs. It has been great for us to meet with the community and educate them on IICD's mission, and why recycling clothes and shoes is important for our environment, as well as give back to the community through donations of books, backpacks, and toys.

We look forward to a lot more of that in 2013. See you all there!

The Environmental Club at Frost Middle School in Livonia, MI had a great "green" event in true recycling fashion by collecting and donating over 770 pounds of good wearable shoes to IICD! The club visited the warehouse and we all had a great time learning and acting upon some of our environmental issues.

Honorable Mayor and City Council,

My name is Nadia Brunt, 2013 Community Development Vice President of the Wyandotte Jaycees. The purpose of this letter is to ask approval to be included on the City Council agenda for Monday, February 25, 2013.

Our chapter would like to announce our annual Easter Egg Hunt, and ask for approval to utilize Bishop park for our event which will take place on Saturday, March 30th. We would like to invite Mayor Peterson and the Wyandotte City Council out to this event. We would also like to ask Mayor Peterson to hand out the golden ticket winner baskets for each age range, which will be filled with candy from Wyandotte local business The Candy Store. Our family fun festivities will be starting at 10:00 am, which include photos with the Easter Bunny and a bake sale sponsored by our very own Jaycees program. This event is open to Wyandotte and surrounding communities with children ages 0-10 years.

We would also like to present the City of Wyandotte with our chapter's Henry Geissenbier Memorial award, which is given to the top chapters in the state of Michigan. The Wyandotte Jaycees received this award as one of 4 top overall chapters in the state for the 2012 year, who demonstrated "developing the whole member through the whole chapter" and was presented at our recent Michigan Jaycees Year End Convention on February 9, 2013.

If anyone would like more information regarding this year's Easter Egg Hunt, please contact myself by phone at 734-288-8557 or CommunityVP@WyandotteJaycees.org. Anyone wishing to contact our chapter regarding general information may email info@wyandottejaycee.org.

Thank you,

To the Honorable Mayor Joseph Peterson & Members of Common Council:

In regards to the letter Councilman Larry Stec recently had in the News Herald about the fact heavier trucks can cause more damage to roads.

" He stated I spend a lot of time on the road and daily see the damage done to our road surfaces by the weight of these trucks.

Go to any intersection with heavy truck traffic in the Detroit area and look at the ruts created where these vehicles stand for a while. They are not only visible but cause you to get jostled around in your car when you cross them.

When I was Mayor I attended a Michigan Department of Transportation Seminar, I brought up truck weights at that time and got the same old song and dance about weight being spread over lots of axles from a State Engineer. When he finished I pointed to a small stature person in the room (150 to 160 lbs) and asked him if he would rather have that person climb a 6 foot ladder and jump on him or have me climb a 6 foot ladder and jump on him (I am 5 feet 11 inches and weigh 215 lbs.)

I never really got an answer. But the point I was making was that I think heavier trucks may indeed cause more damage to our roads than, say a small Ford."

We agree 100% with this evaluation as we have experienced, witnessed first hand here in Wyandotte on 11th south of Eureka the damage diesel powered semis have done to the quality of air, the damage to the road and the tremors we feel in our homes when these trucks start bouncing, and the film of dirt they cover our homes with.

Before Wyandotte annexed this area 11th was Whitcomb Boulevard then the street and now an access road to the Industrial park area off 11th , Grove and Thirteen.

Page 2

Before Word War II about a third of 11th from Eureka to the South was paved. And then in the mid 50's the balance was paved to Grove. At that time gas powered single axle tractors were the dominate tractor trailer combinations as time went by they switched to diesel double axle tractors and trailers. With more axle combinations MORE WEIGHT, MORE WEIGHT.

At one time Wyandotte had its own trash pick up, single axle dump trucks.

Today we see diesel powered trucks with 4 axle combinations and so large and heavy they can't go down alleys so consequently we have curbside pick up today.

On the same note the turning radius at 11th and Eureka had to be increased because of these longer tractors and trailers were going over the curbs and sidewalks and play Russian roulette with vehicles going north on 11th and pedestrians trying to cross!

This road has a history of cave ins and break downs in pavement, which in one area was chronic.

What has been created is a non compatible situation and we are suffering as a result.

California has earthquake tremors that do damage. In Wyandotte on 11th south of Eureka we have tractor trailer produced tremors which are negatively affecting OUR HOMES!.

In closing we would like to thank and congratulate James R. DeSana for his many years of service to our City !!!!!!!

And if you want to know the definition of the word MAYOR; it is JAMES R. DESANA!.

LETTER TO THE EDITOR

Heavier trucks can cause more damage to roads

To the Editor: In response to a column by Craig Farrand in the Feb. 6, 2013, of The News-Herald on fixing Michigan's roads, I agree that attaching any road tax increase to a lowering of truck weights is absolutely a must.

I spend a lot of time on the road and daily see the damage done to our road surfaces by the weight of these trucks.

Go to any intersection with heavy truck traffic in the Detroit area, Dix, Schaefer, Eureka Middlebelt, etc., and look at the "ruts" created where these vehicles stand for a while. They are

not only visible, but cause you to get jostled around in your car when you cross them.

Back when I was Wyandotte's mayor, I attended a transportation seminar put on by the Michigan Department of Transportation at some local venue. I brought up truck weights at that time, and got the same old song and dance about the weight being spread over lots of axles, blah, blah, blah, from a state engineer.

When he finished, I pointed to a smaller stature person in the room (150 to 160 lbs.) and asked him if he would rather have that person climb a 6-foot ladder and jump on him, or have

me climb a 6-foot ladder and jump on him (I'm 5-feet 11 inches and weigh 215 lbs.).

The room erupted with laughter and I never really got an answer, but the point I was making was that I think heavier trucks may indeed cause more damage to our roads than, say, a small Ford would.

Maybe the standard we build to needs review. If we are building to the same standard as the lower weight states, but allowing heavier loads on these "lighter" built roads, I think we're going to have a problem.

William Griggs, City Clerk

There comes a time when we realize that it is necessary to end a relationship. It is important that we know when the time is right: before we overextend ourselves. After serving on the Civil Service Commission for thirty years, I feel that time has come for me to resign as a Commissioner as of March 13, 2013.

Over the years a great many changes have taken place in both the City and the Fire Service. I would like to think that we, and our predecessors, have had some little part in these changes. I can only hope that you, and those who will follow us, will be able to continue to watch over and care for the City of Wyandotte, its citizens and the Fire Service.

To those I have served with most recently, Rod, Mike, Debby, Bill and our former Commissioner, Mike Dallos, I want to say how much I enjoyed working with you and admire your service and dedication to the City.

Very truly yours,

George Mobley

c. New grant requests: Bella Donna's & Nanna's Kitchen

1. Rankine explained that Bella Donna's has applied for a \$5,000.00 grant to expand their business to the space located directly north (once occupied by Raymond James). They were temporarily displaced due to the fire at Lions, Tigers and Beers. Rankine said that she is thrilled that they are coming back home to Wyandotte. Peterson agreed that this was a good business to have back in the City.

Motion by Rose, supported by Mayor Peterson to award Bella Donna's Bridal Salon a \$5,000.00 grant for expansion of their salon. Roll called. All in favor. Motion carried.

2. Rankine explained that Nanna's Kitchen is applying for a grant for \$15,000.00 to expand their business. The proposed expansion would add another 60 seats to the existing restaurant, additional landscaping and a fountain. Construction costs are estimated at \$200,000.00. Nanna's Kitchen was working with the Engineering and Building Department to negotiate a purchase agreement. Mayor Peterson indicated that this would be a wonderful addition to downtown and that Nanna's was an established business. He also said that this would also give the restaurant an opportunity to offer banquet facilities on site. Gilbert indicated that \$15,000.00 is a significant investment to give to an existing business and proposed reducing the grant amount. Rankine suggested breaking the grant up over the course of a number of years. Rose inquired about the amount left in the grant fund. Rankine indicated that if the DDA split the grant that \$11,000.00 would be remaining in the grant account for the remainder of the year. Gilbert indicated that he would like to see an official policy for grants larger than \$5,000.00. Mayor Peterson indicated that we do give grants in a larger amount, but that they are in the form of incentives, as with the sale of the Sears Building (3061 & 3063) Biddle Avenue. Gilbert agreed that it would be best to give this grant out over the course of a number of years.

Motion by Mayor Peterson, supported by Lucas to award Nanna's Kitchen a \$15,000.00 grant toward their \$200,000.00 expansion, landscaping and fountain project, payable over the course of two fiscal years: \$7,500.00 of the grant payable from the fiscal year 2013 budget and \$7,500.00 payable from the 2014 Fiscal year after October 1st, 2013. Roll called. All in favor. Motion carried.

3. Rose excused himself from the meeting, for another appointment.
7. **NEXT REGULAR MEETING:** The next DDA meeting will be held on Tuesday, February 12th, 2013 at 5:30 pm at 3200 Biddle Avenue in Council Chambers.
8. **ADJOURNMENT:** Meeting adjourned at 4:25 pm.

Motion by Gilbert, supported by Lucas to adjourn. All in favor. Motion carried.

If the City does not obtain said grant, the city will consider recovery of the demolition costs within the developer's Brownfield Plan. This would allow the cost of the demolition to be recovered via the City tax capture.

3149 Biddle Avenue

E. NEIGHBORHOOD ENTERPRIZE ZONES (NEZ)

NEZ incentives are applicable to proposed residential developments only. This property is located in an NEZ which offers eligible dwellings a twelve (12) year tax abatement. Example of the tax saving is as follows:

Owner occupants of single family homes are eligible to apply for this tax savings.

Home valued at \$200,000 **without** the tax abatement using 2006 Homestead Tax Rate:
Taxable Value for land and house \$100,000 x 48 mills = \$4,800.00

Home valued at \$200,000 **with** the tax abatement using 2006 Homestead Tax Rate:
Taxable Value for land \$10,000 x 48 mills = \$480.00
Taxable Value for home \$90,000 x 16.86 mills = \$1,500.00

This yields a yearly savings of \$2,820.00

CITY OF WYANDOTTE REQUEST FOR COUNCIL ACTION

MEETING DATE: February 11th 2013 AGENDA ITEM #12

ITEM: Financing - Biddle/Mulberry Medical Office Development - (Dr. Atto)

PRESENTER: Todd A. Drysdale, City Administrator

INDIVIDUALS IN ATTENDANCE: N/A

BACKGROUND: At the May 16, 2011, City Council Meeting, the City Council agreed to sell certain real property commonly known as 87 Mulberry, 2312 Biddle, 2324 Biddle, 2338 Biddle, and 2344/2346 Biddle to Dr. Ghazwan Atto in the amount of \$310,000. At the September 12, 2011, City Council Meeting, the First Amendment to the Purchase Agreement which added 90 Walnut to the property being sold and increased the sale price to \$378,750. At the December 19, 2011, City Council Meeting, the City Council agreed to the Second Amendment to the Purchase Agreement which added 2350 Biddle to the property being sold and increased the sale price to \$451,000. The cost of the additional property was shared equally by the City and the developer and caused the investment in real property to increase from a minimum of 9,000 square feet a minimum of 17,000 square feet. Subsequent to this amendment to the purchase agreement, the developer continued to acquire adjacent property for his development which would not yield an increase in square footage of the building. As such, instead of continuing this cost-sharing arrangement, the City proposed financing the additional acquisitions using the UDAG Fund to be repaid by the developer within ten (10) years with interest. Note that the City's interest will be subordinate to the bank lending associated with this development but that a personal guarantee has been received from the developer.

STRATEGIC PLAN/GOALS: The commitment to an economic development strategy that results in expansion and "good neighbor" to the city's growing Medical and Health complex along Biddle surrounding Wyandotte Henry Ford Hospital.

ACTION REQUESTED: The undersigned recommends the approval of the loan from the UDAG Fund for \$300,000 to be repaid within ten (10) years and that the Mayor and City Clerk should be authorized to execute the accompanying Subordination Agreement, Promissory Note, Guarantee of Promissory Note, Mortgage, and Lien on Property.

BUDGET IMPLICATIONS & ACCOUNT NUMBER: Loan will be issued from the UDAG Fund. There is anticipated interest revenue of approximately \$37,000 over the life of the loan. Cost avoidance will also be realized in the TIFA Consolidated Fund by ceasing the cost-sharing arrangement with the developer relative to additional adjacent property.

IMPLEMENTATION PLAN: The Department of Legal Affairs will coordinate the closing of the city-owned properties and ensure that the Mayor and City Clerk execute the appropriate documentation securing our interest in the loan and property.

COMMISSION RECOMMENDATION: N/A

CITY ADMINISTRATOR'S RECOMMENDATION: Concur

LEGAL COUNSEL'S RECOMMENDATION: Concur

MEETING DATE: February 11th 2013 AGENDA ITEM #14

ITEM: Neighborhood Stabilization Homes (NSP2) Lottery on February 25, 2013

BACKGROUND: The Engineering Department has scheduled the final Lottery Drawing for the two (2) homes at 451 Ford Avenue and 459 Ford Avenue for February 25, 2013. As of the date of this communication, the Engineering Department has not received any notice from these eight (8) buyers if they want to continue with the purchasing process.

Therefore, the Engineering Department is recommending that buyers on the waiting list be allowed to participate in the Lottery scheduled for February 25, 2013 along with the QHL, provided they met all the requirements. There are 36 applicants at various stages of the qualification process.

Appeal #3165

Chairperson Duran read the appeal and asked that it be explained.

Harry Monks, owner, present.

Douglas Hamel, attorney, 13112 Trenton Road, Southgate, present.

Mr. Hamel stated that a petition had been presented to the Board. (on file).

Mr. Hamel explained that Mr. Monks purchased the property, he does not have access for parking of vehicles, when Mr. Monks stops briefly in front of his residence, to load and unload, he has received numerous tickets. Mr. Hamel continued that he has represented Mr. Monks in court and the Judge always dismisses the tickets. Mr. Hamel added that the dwelling was built with no access, there is no alley, and no parking in front. Mr. Hamel also added that the hospital employees cannot smoke in the hospital parking area anymore, so they come across the street, and that makes parking more difficult.

Mr. Hamel stated that Mr. Monks is the only one in the middle of the block that has no parking, and his neighbors approve (three communications received). Mr. Hamel explained that if Mr. Monks or his roommate stop in front of the house to load or unload supplies for work (Mr. Monks works in building maintenance) he has received numerous tickets, Mr. Monks has to be able to use his property. Mr. Hamel added that last summer the building north of Mr. Monks put in a driveway and the owner will let Mr. Monks use the driveway for short periods of time.

Mr. Hamel continued that Mr. Monks is asking for 1 space for each unit, and it will not throw off the look of the block, the dwelling is in the middle of the block, and they feel that this is a fair proposal.

Mr. Hamel stated that Mr. Monks pays \$4000 a year in property taxes, and keeps the dwelling up. He does not think that the parking will distract from the neighborhood.

Chairperson Duran asked Mr. Monks if he lived at the property. Mr. Monks replied that he lives in the south unit and rents out the north unit.

Chairperson Duran asked if it would be a circular drive. Mr. Monks replied yes, so that there would be safe entry and exit from the property.

Chairperson Duran asked where they park now. Mr. Monks replied usually on the side street, and if he is loading or unloading, he will pull up in front of the dwelling. Mr. Monks added that he is the last dwelling on the block without any access for parking.

Member Trupiano asked the date of the first parking ticket. Mr. Monks replied in 2001, the first week he moved in, and has continued. Member Trupiano asked if he has lived there since 2001. Mr. Monks replied yes, on one side or the other.

Member Gillon asked about the tree. Mr. Monks replied that it was getting old and will be removed and a sugar maple will be planted, it will grow big and go with the look of the neighborhood. Mr. Monks added that there will be grass with the tree.

Member Olsen asked if there will be concrete west of the sidewalk. Mr. Monks replied yes, up to the porch and added that the concrete will be stamped and colored.

Member Flachsmann commented about the NTS (not to scale) on the drawing, and asked if from the porch to the sidewalk if 17' was correct. Mr. Monks replied that from front of house to sidewalk is 21'. Member Flachsmann asked distance of steps to sidewalk. Mr. Monks replied approximately 18'.

Member Flachsmann and Mr. Monks discussed the distances.

Member Flachsmann stated that it is recommended for a 20' parking space, and added that Mr. Monks will barely be able to park a car and that he would like to be able to see a drawing on how the cars will be parking. Mr. Monks stated that there is 47' across the front of the dwelling.

Member Flachsmann asked if he had ever discussed with the neighbor (to the north) about using that driveway to gain access to his property for parking. Mr. Monks replied that the dwelling is a duplex, and it would be difficult juggling cars between to residents.

Member Flachsmann commented that the proposed parking would be tight.

Member Nevin asked if the Zoning Board is the first body that he has been in front of. Mr. Monks replied yes, he applied for a permit and the building inspector sent him to this Board.

Member Nevin stated that he would like to see a more in depth drawing, and had hoped that a drawing would have been presented at this meeting.

Member Olsen commented that Mr. Monks will have to apply to the county for a permit, and maybe the Planning Commission.

Member Olsen asked if he had considered a 3-1/2' greenbelt instead of all concrete. Member Olsen stated that this a hardship, and he would like to see a greenbelt. Mr. Hamel stated that there are shrubs and flowers, and there will be a tree in the center. Member Olsen asked if there would be any grass from the sidewalk to the house. Mr. Monks replied no. Member Olsen stated that he would like to see a greenbelt and a better rendering.

Member Nevin commented that this is in a PD (Planned Development) District.

Member Olsen stated that he is for most of the appeal, but not all of it, and does not want to see a house with all concrete in front of it and would like to see a better rendering of what the property will look like before he votes on it.

Member Flachsmann commented that if the drawing was to scale, you could tell more about it. It would be nice to have a rendering to scale, showing the radius.

Mr. Hamel stated that they would have like to have put in angle parking, but Biddle is too busy. Member Flachsmann commented that the lights are controlled.

James Gilewski, 2228 Biddle, present.

Mr. Gilewski stated that he does concrete work and it was brought to his attention that a driveway should be installed. Mr. Gilewski continued that he sees no problem with the turning radius, and the sugar maple tree will not tear up the sidewalk.

Ray Sawmiller, 83 Cedar, present.

Mr. Sawmiller stated that he is concerned about the parking on both side of his street, and this proposal would relieve the parking situation. Mr. Sawmiller continued that he has heard that another medical facility is going to be built, and this will take up more parking.

Three (3) communications were received in favor of this appeal.
One (1) communication was received from DTE.

Appeal #3165

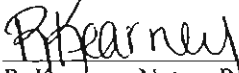

To the Zoning Board of Appeals and Adjustments:

I have reviewed the plans that Mr. Monks is putting before the Board. It is apparent to me that he is in need of parking at his residence. Parking is at a premium in the neighborhood and I believe that his plan would resolve his parking problem and it will improve the look of the neighborhood. I do not have any opposition to his request.

DEPARTMENTAL

1. Discussion of School Security – Active Shooter Situations

Chief Grant followed up on the discussion held at the last Police Commission meeting regarding school violence, and he handed out an FBI document analyzing active shooters in the U.S. from 2002 – 2012. Violence was the most prominent at the workplace and in academic locations, and 2012 was the most active year by far.

Chief Grant reiterated he had spoken to School Superintendent Dr. Carla Harting about the MAGLOCLN Agency. This agency is going to work with the Wyandotte School district to put together a plan to enhance the measures already in place to address any emergency situations. The Agency is a good one, and they have a good plan. Right now, the grant being used to offset costs for such a plan is for schools only.

Commissioner Harris inquired whether BASF or Wyandotte Hospital could benefit from such an agency even though they already have security plans in place.

Many incidents involving the active shooter were resolved by suicide.

Melzer moved, Harris seconded,
CARRIED, to receive the FBI Active Shooter handout and place on file.

2. Bills and Accounts – January 22, 2013, \$19,722.81

Harris moved, Melzer seconded,
CARRIED, to approve payment of the January 22, 2013, bills for \$19,722.81.

NEW BUSINESS

1. Ad for Police Officer

Chief Grant shared an ad for a Police Officer position he would like to place in the Downriver News Herald and on the Wayne County Regional Police Academy's bulletin board. The ad includes the requirement of 62 college credit hours and EMPCO testing.

Applicants would be required to go through a physical agility exam, interview and background check.

The Department does not have to pay to utilize the EMPCO system.

Once a potential hire list is established, Chief Grant will bring the results to the Commissioners for their review and approval.

2. Mapping

Commissioner Harris had inquired before about the capability of the Department OSSI system to do mapping. Chief Grant said the addresses would have to be geo-validated in order to map. While possible, it is a very time consuming process, and the Department does not use mapping. It would take many hours to create this information.

3. Downriver Cadets

Det. Galeski, who runs the Cadet program, was going to give a brief presentation this evening, but could not attend due to scheduling conflicts. Chief Grant will have Det. Galeski attend a future meeting.

4. Citizen Evaluation

Again, we randomly pick cases and send out questionnaires to the citizens involved. This particular response involved Officer Gates and a theft from a motor vehicle.

Melzer moved, Harris seconded,
CARRIED, to receive the hiring ad and citizen evaluation and place on file.

5. Modems and Antennas

Commissioner Melzer inquired about the status of the modems and antennas for the patrol vehicles. Chief Grant assured him everything has been ordered, and we are moving forward.

ADJOURNMENT

Since there was no further business to come before the commission, there was a motion to adjourn the meeting at 6:17 p.m.

Harris moved, Melzer seconded,
CARRIED, to adjourn meeting at 6:17 p.m.

COMMUNICATIONS

1. **Thank You** – Thank you card from the Family of Ruth G. Hoffheins to Chief Dan Grant.

Ms. Hoffheins was a long-time resident who passed away just shy of her 101st birthday. Chief Grant and Officers would help her out whenever she had problems.

2. **Thank You** – A letter dated January 26, 2013, from Alaina Fain to Chief Dan Grant thanking him for allowing her to serve as an intern.

Our department works with several colleges in the area and will allow interns to observe our law enforcement operations if we are able.

3. **Thank You** – Thank you card from Susan Moll and the Bishop members regarding a senior safety presentation.

Both Chief Grant and Inspector Pouliot made the presentation to the seniors.

Melzer moved, Noles seconded,
CARRIED, to receive the three thank you pieces of correspondence and place on file.

DEPARTMENTAL

1. Det. Galeski – Downriver Cadets

Since Commissioner Harris was not able to be present at this meeting, Detective Galeski and the Downriver Cadets were tabled until a future meeting.

2. Police Statistics – January 2013

There were 1,875 total events, 1,287 self-initiated and 567 calls for service.

Noles moved, Melzer seconded,
CARRIED, to receive the January 2013 police statistics and place on file.

3. MICR Statistics – January – December, 2012 vs 2011

This report isolates criminal activity and compares 2011 vs 2012. The serious crimes were about the same overall; some categories were a little higher while some were a little lower.

Noles moved, Melzer seconded,
CARRIED, to receive the MICRS report for 2012 vs 2011 and place on file.

4. Citizen Evaluation of Services

This response involved a hit and run accident. So far, all the citizen responses we've received have been positive. The reporting officer receives a copy of the citizen response along with a memo from Chief Grant.

5. City's Strategic Plan

The Mayor's office wanted an update on the progress we've made with respect to our original submission for the Strategic Plan. Chief Grant provided updated information regarding the five areas outlined in the beginning of the strategic planning process.

There is a disparity in the number of cases each Ordinance Officer has handled because the newest member started in March 2012 (not a full year) and was in training for several weeks.

Commissioner Melzer commented that the Department fulfilled its promises and accomplished the goals it had set for itself. He also asked if there are additional items we should now add to our goals.

Melzer moved, Noles seconded,
CARRIED, to receive the Department's Strategic Plan update and place on file.

6. Bills and Accounts – February 12, 2013, \$35,938.95

Noles moved, Melzer seconded,
CARRIED, to approve payment of the February 12, 2013, bills for \$35,938.95.

NEW BUSINESS

1. Meeting with Prosecutor Kim Worthy

Chief Grant, as well as other Chiefs and law enforcement officials, met with Prosecutor Worthy today regarding budget cuts in her office. They learned there will be approximately \$9M in cuts for the Wayne County Prosecutor's Office which will result in laying off about ½ of Ms. Worthy's prosecuting staff.

This will affect our Department by increasing the amount of time for issuing warrants and most likely losing 24 hour access to a prosecutor.

Chief Grant will keep the Commissioners apprised of this situation.

2. Hiring Process

Commissioner Melzer inquired about the status of hiring new police officers. Chief Grant said we are moving forward with the process. We will be pulling a potential list from the EMPCO website in the next week or so and cross reference it with the applications we receive. Once that list is established, the next step would be the physical agility testing.

ADJOURNMENT

Since there was no further business to come before the commission, there was a motion to adjourn the meeting at 6:46 p.m.

Melzer moved, Noles seconded,
CARRIED, to adjourn meeting at 6:46 p.m.

All WSGC Golf Leagues have been contacted and all are planning to return this season, along with one new league. Contracts were mailed 2-12-13. All Leagues were informed that there will be a \$1 per golfer increase this year as previously approved.

Portofino's informed Administrative Trainee Justin Lanagan that they are not interested in leasing the Bishop Park Concession Stand this summer, so bids were mailed out to 17 bidders on 2-12-13.

Administrative Trainee Justin Lanagan will be going to Small Claims Court to get a judgment against Neal M. LaDuke regarding the damaged door at the Copeland Center (\$1,198.03).

Specs are being prepared for the Pulaski Park Tennis Court renovation project. This project will start after the completion of the High School Tennis season (mid-May) and before our Summer Tennis Program (mid-June.)

Specs are being prepared for the Memorial Park Walking Track. This project is estimated at \$60,000.

Commissioner Loya inquired as to the cost of the Pulaski Park Lighted Diamond infield resurfacing project. The WCA is looking for projects to donate money too and was wondering if there is need for resurfacing additional fields. Superintendent Knopp suggested that we wait until this spring/summer to see how the new product works out, as far as drainage and dust issues.

Superintendent Knopp and Administrative Trainee Lanagan were meeting with Municipal Service to discuss the lighting issues at Memorial Lighted Baseball Diamond. There is a possibility of a grant to repair/replace the lights. Musco, Inc. estimated \$250,000 for this project.

The Commissioner Merritt inquired as to the status of the Golf Course greens keeper replacement. Superintendent Knopp and Administrative Trainee Lanagan, along with City Administrator Todd A. Drysdale, met with representatives from the City of Riverview to discuss a joint venture. The City of Riverview declined. A lengthy discussion ensued regarding various issues and situations regarding chemicals/fertilization. Administrative Trainee Lanagan contacted Michigan State but has not heard back from MSU. Mr. Knopp and Mr. Lanagan have met with a golf company who will be submitting a proposal. This summer we will be hiring a new employee to handle/staff the operation of the Pro Shop.

The next Commission Meeting will be held on Tuesday, March 12 @ 7:30 pm. Commissioner Loya asked to be excused from the meeting.

There being no further business to discuss, a motion was made by Commissioner Brennan and supported by Commissioner Loya to adjourn the meeting at 5:45 pm.

**WYANDOTTE CULTURAL AND HISTORICAL COMMISSION
MINUTES OF THE JANUARY 10, 2013 MEETING
MARX HOME**

PRESENT: Michelle Blankenship, Jody Chansuolme, Ken Munson, Sue Pilon, Anne Ronco, Don Schultz, Dave Kostelnik, Eula Grooms

EXCUSED: None.

President Michelle Blankenship called the meeting to order at 6:17 p.m.

MOTION by Sue Pilon, supported by Ken Munson, to approve the minutes from the December 2012 meeting, MOTION CARRIED (6-0)

PRESIDENT'S REPORT:

Michelle shared her communication with the Mayor about the recent resignations from the Commission. Jody met with him and Todd Drysdale, and told them about the idea of using a rotating presidency. The Mayor suggested just eliminating the open positions and having a smaller Commission. Commissioners agreed that while this may work for some groups, the Historical and Cultural Commission benefits from having members who can spend time volunteering for events and other Museum projects, and so it would be beneficial to keep a larger group.

Jan Nagel had sent the Mayor an email with her volunteer experience with the Museum and her desire to join the Commission. Commissioners agree that she would be a great fit.

Eula arrived.

Michelle suggested setting April as a target date for filling the open positions, since there aren't any upcoming special events and it would be better to take time to find Commissioners who are going to be dedicated and want to be involved. The Commission fully understands that they may and should send recommendations to the Mayor, but it is entirely up to the Mayor to make the appointments.

Michelle said that everyone should take the next month to think of some potential candidates.

MOTION by Dave Kostelnik, supported by Eula Grooms, to request that the city keep 11 members on the Commission, and to work with the Mayor to recommend appointments throughout the next few months, MOTION CARRIED (7-0)

DIRECTOR'S REPORT:

Jody passed around the finance report for December.

MOTION by Don Schultz, supported by Eula Grooms, to approve the finance report for December, pending audit, MOTION CARRIED (7-0)

Jody said that she will distribute the 2012 Heritage Event Series Report next month. so she asked that anyone who attended or volunteered at events over the last year to email her any suggestions they might have after the meeting.

Jody said she was contacted by Alana Plaschevski from the high school, who asked about the potential of receiving a discount on renting the MacNichol home for her daughter Melanie's baby shower. Events are usually \$400 for 2 hours, and she asked if it would be possible to rent it for \$300. The Commission thought it would be fine since Melanie is an active volunteer with the Museum, but they agreed that discounted rates should be decided on a case by case basis.

MOTION by Anne Ronco, supported by Eula Grooms, to reduce the rental price to \$300 for the above referenced event since she is an active volunteer with the Museum, MOTION CARRIED (7-0)

Jody gave an update on the log cabin. The west wall is now complete, and Tom has been meeting with the workers. They still plan to replace all the walls and ramps, and possibly lowering the wagon wheel chandelier.

FRIENDS: The next meeting is scheduled for February 27.

Jody shared a letter from the Friends group regarding the availability of \$6,000 from the endowment fund. This will be discussed and a recommendation made at the next meeting and then a letter will be sent with the request.

SOCIETY: Michelle asked if anyone wanted to replace Anne as the liaison for Society meetings. Having a rotating liaison is a possibility if no one is interested.

OLD BUSINESS: Michelle forwarded the Commission a letter she sent to the Oakwood Cemetery Association. No response has been received to date.

Jody passed around prices and information regarding the signs at BASF park. They are still waiting to hear from two vendors. The posts will have to be square instead of circular, and the panel can be either fiberglass or aluminum. Fiberglass is about half the price but lower quality. Jody estimated that aluminum signs would be about \$1,000 each. but she's not sure if that includes installation.

Someone asked if the Recreation Department could assist with the cost, since they covered the cost of the original signs. The Commission could also ask BASF, since the signs are at BASF park and the company had originally indicated there might be additional funds available for the park in future years. Jody said she would write a letter asking, and Anne could get it to someone at BASF.

NEW BUSINESS: Michelle asked if everyone wanted to change the date of the next meeting. since it would fall on Valentine's Day. Tuesday, February 12 worked for most people. so that was set as the next meeting date.

Michelle announced the 2013 Commission officer election.

**MOTION to elect Sue Pilon as Commission President and Ken Munson as Vice President,
MOTION APPROVED (7-0)**

ANNOUNCEMENTS/COMMUNICATION: Jody was appointed to serve on the Michigan Humanities Council.

ATTENTION TO AUDIENCE: None.

**MOTION by Don Schultz, supported by Eula Grooms to adjourn the meeting at 7:21 p.m.
MOTION CARRIED (7-0)**

**Next Meeting: February 12, 2012.
Respectfully Submitted.
