RE: Special Supplemental Benefit Payment (13th Check) to Retirees and/or Beneficiaries in
Accordance with Sections 2-238 & 2-245 of the Wyandotte Retirement System Ordinance

Dear Sirs,

Listed below is a breakdown of service for each unit of the retirement payroll:

General City	1,964.20163 years of service
Municipal Services	2,251.42331 years of service
Police and Fire	2,864.66617 years of service
Total.....	7,080.29111 years of service

The above breakdown represents the amount of credited service for all retirees and/or beneficiaries that retired before October 1, 2014. Also, enclosed for your convenience is the calculation of the benefit rate based on the total number of years of credited service for the aforementioned recipients of a retirement allowance.

Recently the City negotiated with each collective bargaining unit which changed the formula used to distribute the 13th Check. The result of this change increases the years of credited service used for the calculation to 8,805.06167.

Per Section 2-238 of the Retirement System Ordinance, the commission may annually allocate up to one and one-quarter (1.25%) of the mean balance of the retirement reserve fund for the improvement of retirement allowances payable to retirants of the retirement system. The undersigned is recommending an allocation of 0.41% of the mean balance of the retirement reserve fund which would increase the rate per year of credited service to \$31.67 based on the unadjusted years of credited service (7,080.29111) or \$25.47 based on the adjusted years of credited service (8805.06167) required in the City's current collective bargaining agreements. This would result in the same payout of approximately \$224,248.

Alternatively, the Commission can allocate .611774% of the mean balance of the retirement reserve fund and keep the rate per year of credited service at \$31.67 regardless if the unadjusted or adjusted years of credited service are used for the distribution. This allocation is still less than the maximum allowed by

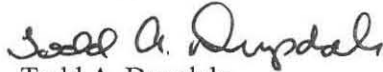

ordinance of 1.25% but would result in an additional \$54,600 being distributed over the unadjusted years of credited service calculation.

The recommendation of \$31.67 represents an increase of 1.65% over the prior year's rate established using unadjusted years of credited service.

The undersigned recommends the Commission approve the above referenced rate (\$31.67), which calculates to an effective rate of \$39.38 if the distribution is based on adjusted years of credited service, to be used for the 2015 Special Supplemental Benefit Payment if this benefit is deemed desirable to approve.

Sincerely,

A handwritten signature in cursive script, reading "Todd A. Drysdale".

Todd A. Drysdale
City Administrator

RESOLUTION

Concur in the recommendation of the City Administrator regarding the rate of \$31.67 per year of credited service, or an adjusted rate of ~~\$39.38~~ **\$25.47** per year of credited service, set forth in the communication dated October 12, 2015, and further

Implements the special supplemental retirement benefit allowance to retirees and or beneficiaries in accordance with Section 2-238 and 2-245 of the Wyandotte Retirement System Ordinance and further

Recommend to the Mayor and City that they concur in said recommendation and declare the above provisions in effect for the fiscal year.

Note: The Retirement Commission fixed the distribution amount at \$224,248 resulting in the rate based on the adjusted years of credited service being \$25.47 as outlined in the correspondence.

REQUEST FOR COUNCIL ACTION

MEETING DATE: October 26th, 2015

AGENDA ITEM # 2

ITEM: Memorial Park Baseball Field Drainage

PRESENTER: Justin N. Lanagan, Superintendent of Recreation

INDIVIDUALS IN ATTENDANCE:

BACKGROUND: Memorial Park has three ballfields, two that are used for baseball and one that is used for softball. Of the three fields, the field that gets the most use is Memorial Baseball Lights (the field furthest south and closest to Pennsylvania Road). This field is used by the baseball teams of Roosevelt High School, the Wyandotte Braves Baseball Association, the American Legion of Wyandotte, and is also available to rent for tournaments. Unfortunately, this field retains water significantly more than the other two fields. The wet spring season and heavy rains often lead to many games being canceled or extra man hours to prepare the field for games.

To alleviate the drainage issues, we plan to trench and install 900 feet of drain tile under the infield areas. The drain tile will then tie into an existing storm sewer located just outside the field. The new drainage will reduce the number of hours maintenance staff has to spend “drying” out the field during the wet spring and after heavy rains.

I have secured three quotes from contractors that the Recreation Department has had satisfactory work done by in the past. Quint Plumbing was the low bid in the amount of \$6,400.

STRATEGIC PLAN/GOALS: To provide the finest services and quality of life.

ACTION REQUESTED: Adopt a resolution concurring with the Superintendent of Recreation’s recommendation to have the Mayor and City Clerk sign the resolution awarding the job to Quint Plumbing

BUDGET IMPLICATIONS & ACCOUNT NUMBER: The amount of \$6,400 will be paid out of the Memorial Park Improvement Account #101-750-850-560.

IMPLEMENTATION PLAN:
